

Arabis alpina

Snowcap™

Compact, uniform, spreading, evergreen cushions. Snow Cap likes to trail over walls, excellent for rockeries in sunny positions with moderately dry soils (sensitive to excessive moisture). Plant in small groups of 3-5 plants.

1134 white

Arabis caucasica

Little Treasure™ Pinky

Only Available as Plugs

Very free flowering for more continuous colour and extended shelf life. Plants have a low, spreading habit. Ideal for flowering 100mm pots and well suited for use as a ground cover or in rock gardens. Flower size: 10-15cm. Prefers sun to afternoon shade.
