## Antirrhinum - dwarf

### Bells™ F1

OPEN BUTTERFLY FLOWERS

Bells dwarf snapdragons feature open "butterfly" flowers that grow on strong basal branching 20-25cm plants. Bells are suitable for packs, 100mm pots and colour bowls. In the garden, they stay in flower longer, thanks to the open flower form.

1056 white

4578 yellow

### Chimes™ F1

**PPP**  
Plants Perfect for Packs

The Chimes series stands out on the bench with clear, bright colours, uniform bloom sequence and plant habit. Good basal branching makes for full bushy plants. Chimes feature a traditional flower form and a compact plant habit, growing only 15-20cm in the garden.

## Antirrhinum - dwarf

### Snappy™ F1

Snappy is very early flowering on compact, strong, branching plants. Due to this branching habit it stretches less than other dwarf antirrhinums. Snappy is suited to growers for pack and pot production. Bloom time across the colour range is extremely uniform when compared to other series in the market. Free flowering Snappy shows an excellent garden performance until late in the season. Garden height is 15-20 cm.

## Antirrhinum - knee high

### Liberty Classic™ La Bella™

**KNEE HIGH**

Liberty Classic still offers those sturdy, shapely spikes and a beautiful, broad colour range. With its legendary uniformity within the series, Liberty Classic makes good sense for growers everywhere. Garden height 45-50cm.

1083 mix

**KNEE HIGH - BUTTERFLY TYPE** La Bella combines the best of the snapdragons, the ribbon habit, the bright Butterflies open flower form and the bright colours of the Chimes and Bells. Plants are compact in the pack and are perfect for selling green, or blooming in 10-12cm pots and larger containers. Superior basal branching produces a bouquet of bloom stems, each loaded with florets. In the garden, La Bella stays in flower longer, thanks to its open flower form. Garden height 45-56cm.

1080 mix

**Not shown:-**

- 1081 bronze - rich bronze, orange
- 1082 cherry - deep cherry red
- 1084 crimson - velvety crimson red
- 1085 lavender - true lavender
- 1086 light pink - soft pink
- 1087 rose pink - cool pink
- 1088 scarlet - bright scarlet orange
- 1089 white - pure white
- 1090 yellow - bright, clear yellow

## Antirrhinum - tall

### Madam B'fly™

**NOT SUITABLE FOR POTTED COLOUR**

Madame Butterfly is a mix of tall, double azalea flower types. Florets are larger than standard snaps, providing fuller, more graceful flower spikes. In addition to unusual garden beauty, they make superb cut flowers for the home gardener. Height 60-75cm.

1091 mix
