

### Armeria maritima

#### Armada™ ONLY AVAILABLE AS PLUGS

Armada is versatile enough to be sold as a spring or summer-flowering perennial. This series features a compact and uniform habit for better presentation at retail. Vivid flowers are complemented by deep green, needle-like foliage, further strengthening shelf appeal. Blooms are displayed on sturdy stems. Perfect for 100-130mm pots.

0000 white - not shown 0000 rose

#### Ministicks™

Basal rosette of grassy foliage (remains green in winter) covered with short stemmed globular flowers. Perennial for containers, borders and rock garden. Ministicks provide great garden performance.

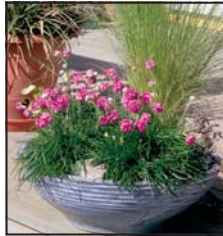

1142 white
