

Carnation *D.caryophyllus*

Lillipot F1

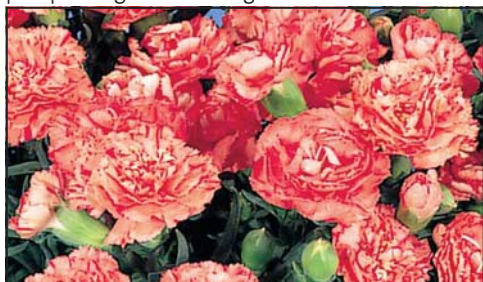

This genuinely dwarf pot is the only true pot carnation which stays dwarf and compact without pinching or plant growth regulators. The series produces numerous branches. A very high quality series for the professional pot plant grower. Height 25cm.

1348 lavender pink - soft lavender blue/pink

1349 lilac

1352 orange bicolor - creamy orange stable orange streaks

1353 purple - rich royal purple

1354 rose - deep rosy pink

1357 yellow - creamy yellow

1350 mix - formula mix of series colours

Mini Spice

Developed for 10cm pots, Mini Spice is the earliest flowering, dwarf, pot carnation we've seen. With strong base branching, Mini Spice is genetically shorter, making it easier for growers to control plant height. Mini Spice are particularly fragrant. This series has good garden performance too. Flower diameter is 5cm. Garden height 15-20cm.

3704 mix

Chabaud

Not Suitable for Potted Colour

Large double flowers on strong stems, good cut flower strain. Height 60 cm.

1344 mix

4012 peppermint

4013 red

4014 white
