## Statice *L. sinuata* - Annual Seed Varieties

### STATICE (*L. sinuata*) - Vernalisation/Cold Treatment:

Statice can be vernalised prior to despatch to force it through an early winter. This ensures an earlier flowering season from March (depending on climatic location), compared to normal transplants flowering from May (depending on climatic location). **All Annual & Perennial statice are available as vernalised plugs for an additional fee by request.**

### STATICE (*L. sinuata*) (Limonium) Plug Lead Time: 8 wks

## Rush

Rush series was developed with the grower in mind. Rush is an extra early series flowering evenly across all colours in a 4 week window. The plants grow without excess foliage allowing them to remain "open" for easier picking and disease control. Evenness of stem length and quality, results in very good productivity for an economical alternative to tissue culture varieties.

2937 Blue Shades

2972 Deep Blue

2962 Mid Blue

## Smash Violet

Smash Violet **replaces Excellent Blue**

One phrase says it all, "Near Tissue Culture Quality at a seed price." 450 Seeds/gram

4659 Violet

## STATICE (*L. suworowii*) (Limonium)

### STATICE (*L. suworowii*) (Limonium)

Plug Lead Time: 8 wks

## SUWOROWII

Long, rat tail like spikes, used as fillers in fresh and dried bouquets. Height 80cm.

8,000 Clean Seeds/gram

2984 Rose Pink - rose pink

## Statice - Perennial Seed Varieties

**STATICE (L.dumosum/tataricum)**  
(Limonium,  
German Statice, Goniolimon)  
Perennial

### Wood Creek

#### Indent Line

Sensational improvement in L.dumosum: disease tolerant, uniform plants with unusual mushroom shaped clouds of white flowers on erect stems. Height 50cm.

1,100 Seeds/gram

2986 Wood Creek - white

**STATICE (L.latifolium)(Limonium,  
Sea Lavender)**  
Perennial  
Plug Lead Time: 8 wks

### Latifolium (Fairy)

Widely grown, hardy perennial. Ideal for fresh market. Flowers the second year from Feb-Mar. Plant distance 40x40cm. Yield in the 3rd year 10-15 stems per plant. Glasshouse production is also possible. Height 60cm. 1,400 Clean Seeds/gram

2956 Latifolium - deep violet flowers

**STATICE - Perennial(Limonium)**  
Plug Lead Time: 8 wks

### Mello Yellow

Valuable cutflower for fresh or dry use. Thin, but sturdy stems with masses of creamy yellow bicoloured florets, which do not shatter. Height 60-70cm. 1,000 Seeds/gram

2958 Mello Yello - creamy yellow

### Atlantis (Perezii)

Best strain for cutting. Uniform selection of deep lavender blue flowers on long strong stems. For Greenhouse culture or warm climates. Height 60cm. 1,100 Seeds/gram

2936 Atlantis - deep lavender blue

allow 4 months lead time.

Available **ONLY** for SHIPPING:  
Weeks 2, 8, 14

#Luster Series is **Late Timing**  
summer flowering Statice

Available **ONLY** for SHIPPING:  
Aug (wk 37) to Sep (wk 41)

Note: Tissue Culture suppliers have a minimum order quantity. Highsun will group the orders together to achieve the supplier minimum.

#### SPRINT VIOLET

##### VERY EARLY TIMING

*Violet* - Less requirement for low temperatures, high productivity and requires less base fertiliser than others. Height 100-110cm.

1644 **Violet** – dark violet - most popular colour

#### CRYSTAL

##### EARLY TIMING

The best bright yellow available in the market. Nice clear colour, strong, even crop, fits with Jam, Million White and Earth colours. Height 85-95cm.

1566 **Yellow** – yellow

#### CLEAR SNOW **NEW**

##### EARLY TIMING

Pure white colour and good style. Sharp angled, hard strength stems. Weak to medium Botrytis Resistance. Suitable for warm conditions. Height 95-105cm.

5273 **Snow** – pure white

#### EARTH SERIES

Earth has excellent stem quality. Height 100-110cm

*Ocean* - Stems grow straight into perfect shape. Colour comes out well. Nicer Light Blue than Earth Blue.

*Pink* - Calyces are big, with a high percentage of quality stems. Replaces Million Rose. Summer flowering.

1568 **Ocean** – sky blue - **Early Timing**

1569 **Pink** – pink - **Mid Timing**

#### MILLION

##### EARLY TIMING

Pure white colour and very good style. Good production, florets all at top of stem, good for bouquet work. Height 90-100cm.

1618 **White** – clear white

#### WINE **NEW**

##### EARLY TIMING

Improved production and earliness. *replaces Sunset Wine*. Height 80-90cm.

1649 **Rose** – bright rose.

#### SUNDAY

##### EARLY TIMING

Very high production and resistance to Botrytis. Good production, unique colour. Height 95-105cm

1648 **Lavender** – light blue with a hint of pink

#### JAM SERIES

##### MID TIMING

New generation series with strong colours. Growing speed of Jam is intermediate and suitable for all seasons, including summer flowering. High volume stems provide minimal waste. The shape of brush is well composed. Jam has a high resistance to Botrytis and its straight stems make cropping easy.

*Blueberry* - Highly productive, good volume, medium length stems. Minimal waste.

*Strawberry* - Colour comes out excellent. High productivity.

1594 **Blueberry** – violet, height 80-95cm

1596 **Strawberry** – dark rose, height 80-90cm

#### #LUSTER SERIES

##### LATE TIMING - SUMMER FLOWERING

- Available **ONLY** for SHIPPING:  
Aug (wk 37) to Sep (wk 41)

Calyces open well, best bright and vivid violet, numerous brushes. Plants will keep producing voluminous and qualitative stems after 2nd flush. Height 1<sup>st</sup> flush 90-100cm, 2<sup>nd</sup> flush 78-85cm.

1608 **Amethyst** - clear blue

5270 **Violet** - purple
