- Approx 60 days to flower.
- Eye catching lemon coloured petals surround a dark centre.
- Pollen free.
- Excellent vase life.
- Uniform plant type.

5260 lemon rush - lemon yellow, dark centre

Lunar Eclipse

Seed avail Feb 2010

- A multi headed med/quick maturity cutflower variety.
- The standout feature of this variety is the vivid colour contrast it displays, with a rich red inner ring surrounded by a light lemon outer colour.
- It also grows to an excellent height for cutting and has an excellent vase life due to its pollen free characteristic.
- It displays a larger primary head which flowers first, followed by the secondary axial branching flowers which are ideal for use in bouquets and smaller bunches.

5257 lunar eclipse - lemon, red ring, dark centre

Meridian Gold

- Pollen free.
- Excellent vase life.
- Uniform plant type.

5261 racey orange - early gold yellow, dark centre

Racey Yellow

Seed avail now

- Fast producer.
- Suits cooler production where it's growing time doesn't blow out due to it being more day neutral.
- In Qld in winter with temps down to 4°C, it only takes a week longer.
- Pollen free.
- Medium height approx 120cm.

5282 racey yellow - early clear yellow, dark centre

Royal Velvet

Seed avail Feb 2010

- Days to flower 66.
- Height is 150cm.
- Pollen free.
- Royal Velvet is a medium maturity multi-headed cutflower variety.

- It has an attractive deep red petal colour which makes it quite unique as an ornamental sunflower.
- It supports a larger primary head which flowers first followed by smaller axial branching flowers.
- This feature gives it a longer overall flowering period which makes it great for the home gardener or commercial flower grower.

5262 royal velvet - reddish brown, dark centre
